MAT CODE
 photo size

It is important to note that the actual openings are about 1/2" smaller than the photo sizes, which creates the overlap necessary to hold your photos in place behind the mats. See our Order Form for more details.

Can't find the exact mat you want? CUSTOM-CUT mats are available at a surcharge of \$3.50 PER OPENING.

These mats are made from either BLACK or WHITE heavy acid-free card (*known as 'single mats'*). Pages are fitted with decorative and protective BLACK metal corner-pieces as standard; alternatively, you can choose either GOLD or SILVER.

The mats in these albums are supplied PRE-ASSEMBLED as standard, with the mats already mounted in the EXACT MAT SEQUENCE which you specify when ordering your album, and you only have to slip your photos into place behind the mats when you receive your album. Generally, the pressure of the mats is sufficient to hold your photos in place; we suggest using a glue stick or similar only to secure any photos which move around once they have been placed in the album. It is not easy to change these mats once mounted, so take your time and make sure your order is correct.

It is important to note that these mats are perfectly square, and as such, you can order them to be ROTATED any way around (*90 degrees clockwise, 90 degrees anti-clockwise or 180 degrees*), allowing you to display your photos vertically or horizontally as you desire. You can also order the mats to be MIRRORED to create a perfect symmetry on facing pages. See our Order Form for more details.
