

Mat Chart - 13"x13" square book-bound mats

LEGEND

MAT CODE

photo size

It is important to note that the actual openings are about 1/2" smaller than the photo sizes, which creates the overlap necessary to hold your photos in place behind the mats. See our Order Form for more details.

Can't find the exact mat you want? CUSTOM-CUT mats are available at a surcharge of \$3.50 PER OPENING.

These bevelled mats are made from acid-free matboard which has a black surface and a white core (*or on request white surface with a black core*). The mat openings are cut in the matboard with a blade on a 45-degree angle, thus exposing the core colour of the mat to 'frame' your pictures ... hence the name "bevelled" mats. These are the top of the line in professional quality album pages; every photo is displayed as though it has been professionally framed. These are our REGULAR mats, and we recommend a maximum of 25 leaves (50 mats).

As an option, THICK mats are available at a SURCHARGE of AUD\$10 per complete leaf (*base page plus two mats*). These THICK mats are made from a heavier grade picture-framers' acid-free matboard, and mat colours include black mat with black or white core, ivory parchment mat with black core, and white mat with black or white core. We recommend that albums using the THICK mats have a maximum of 15 leaves (30 mats).

It is important to note that these mats are perfectly square, and as such, you can order them to be ROTATED any way around (90 degrees clockwise, 90 degrees anti-clockwise or 180 degrees), allowing you to display your photos vertically or horizontally as you desire. You can also order the mats to be MIRRORED to create a perfect symmetry on facing pages. See our Order Form for more details.

The mats in these albums are supplied PRE-ASSEMBLED as standard, with the mats already mounted in the EXACT MAT SEQUENCE which you specify when ordering your album, and you only have to slip your photos into place behind the mats when you receive your album. Generally, the pressure of the mats is sufficient to hold your photos in place; we suggest using a glue stick or similar only to secure any photos which move around once they have been placed in the album. It is not easy to change these mats once mounted, so take your time and make sure your order is correct.
