## About your order

At The Photo Album Shop, we strive for very high levels of service and quality. We understand that the ordering process for our professional albums can appear complicated, so if you have any queries, please email us at [service@photoalbumshop.com.au](mailto:service@photoalbumshop.com.au) or phone us on (61) - 2 - 9457 7322 for assistance.

When this form is complete, please fax or post it to us. We will check it in detail, clarify any uncertainties we may have, and then seek your final approval of the grand total (*including shipping*) before we process any payment. We will require a non-refundable deposit of AUD\$100 to begin work on your album.

Construction time of professional albums is typically around four weeks, depending on workload (*longer over the Christmas period*). Every order is important, and we do not do rush jobs. Upon completion, the balance of your payment is processed and your order is shipped promptly using the service you have requested.

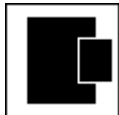

Shipping charges and services are detailed under the 'shipping' tab at [www.photoalbumshop.com.au](http://www.photoalbumshop.com.au) (\$12 for orders shipped within Australia; typically \$75-\$120 for orders shipped overseas via Air Mail). We will gladly quote firm shipping charges once we know your order. Orders are insured and shipped by Australia Post.

## How to use this order form

**STANDARD MAT DESIGNS:** Choose your mats from our huge range of standard mat designs, which can be downloaded from our website. It is important to note that the openings are about ½" smaller than the photo sizes listed, which creates the overlap necessary to hold your photos in place behind the mats.

Mats will be mounted as shown in our mat charts. However, you can choose to have any mats in your album ROTATED or MIRRORED to create the exact layout which you want. There is NO surcharge for this. Simply write the details of how you want the mats to be mounted under the Mat Code box, as shown below:

To specify mat code L15

write "L15" in the Mat Code box

To specify mat L15 MIRRORED

write "L15 mirror" in the box

To specify mat L15 ROTATED

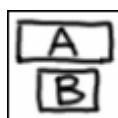

write "L15 rotate" in the box

**CUSTOM MAT DESIGNS:** If you can't find a particular mat design which you require from amongst our range of standard mat designs, you may wish to create your own custom mat design. Custom designs cost more, and are charged *per opening* of your design. We ensure that all custom designs are perfectly positioned on the mat.

1. Sketch your design in the MAT LAYOUT box and mark the openings you want as A, B and C (*etc*).

2. Write in the PHOTO SIZES for the openings you have sketched - remember, the actual openings will be cut about ½" smaller to provide overlap.
